Brief Bio of your qualifications and experience:

This is coming into my 10th season in San Felipe and now pretty well full time. I love the area and consider myself very fortunate to live in such a place.

I have had 5 distinct careers being Engineering, Business, Management Consulting specializing in small business, Dispute Resolution Practitioner and braving the stock market (present endeavor and by far the most challenging).

My business experience in manufacturing and later in the oil patch where I managed a small conglomerate that had 4 divisions being heavy hauling, infrastructure construction and maintenance, machining/manufacturing, property. At the peak I was responsible for over 200 employees.

Dispute Resolution was the most fascinating in that I was handling disputes ranging from personal to family, religious, medical malpractice, insurance and financial to large corporations.

Clearly I have a lot of miles on me, some good and some not good at all but as the song says “I have few good miles left”, at least as I see it.
